

A Message from Board of Directors

We would like to take this opportunity to welcome you to the Mid Atlantic Shoulder and Elbow Society (MASES). This society was started in 2010 and has grown into a wonderful regional meeting focusing on care of the shoulder and elbow. We have been able to showcase many of the wonderful providers regionally and have attracted several national and international speakers. We hope this society will continue to allow you on a regional basis to freely discuss patient care, challenging cases, and the most recent innovations and treatment protocols. We would encourage this society to be an opportunity for the further education and exchange of ideas among physicians and allied health professionals dedicated to the treatment of shoulder and elbow patients. We know many of you attended our previous meetings and we hope to welcome you back to our future meetings.

Sincerely,

Board of Directors:

Joseph A. Abboud, MD
Jack E. Kazanjian, DO
Brent Wiesel, MD
